Greywolf families,

During this morning's assembly, students got to hear from children's book author Simon Calvacecchia. A former rugby player, he suffered a life changing injury that left him a quadriplegic. In addition to sharing about discovering his life's purpose as an author and motivational speaker, he spoke about having a growth mindset, a sense of adventure, and persevering through life's challenges. His books create disability awareness and have themes of inclusion, kindness, and never giving up!

Sequim Schools Strategic Planning

What is a Strategic Plan? Strategic Planning is a focus on the future. It is the means by which the school district and the community contribute toward defining priorities, making decisions, and setting goals for our school system. In the end, a guiding document will be developed to articulate the goals, objectives, and desired measurable outcomes. We would love for you to be a part of this journey with Sequim School District.

How can YOU participate in our strategic planning process? Come join a round table! Superintendent Nickels will lead us through an introduction to the planning process and will begin our round table discussions to share perspectives and brainstorm ideas. Our collaborative gatherings will include a combination of presentations and forward-thinking discussion activities. We appreciate participants' active involvement if you can attend just one or all of the scheduled sessions. All meetings will take place at the Guy Cole Event Center (202 North Blake Avenue [Directions](#)) from 6pm-7:30pm
