Greywolf families,

I want to take this opportunity to **thank you** for all have done this first semester to support your child's education. I have witnessed so many ways that this is happening. Many families communicate with teachers about ways to support their students. Quite a few of you have brought your children to the different movie and family nights we have hosted. It may not seem like a big step towards supporting their education, but every time your child sees you in their school, you are sending the message that school is important. Parent-teacher conferences were very well attended in the Fall and many families are accessing after-school clubs and extended learning opportunities. I appreciate that you have important conversations with your children regarding their behavior at school and that we can count on you for that support. They say **it takes a village to raise children, and we love being a part of your village!**

Next week schools celebrate their counselors and student support specialists. We are so thankful for our own Mrs. Drescher and the many ways she supports our students and families! Please encourage your child to thank her if they see her in the hall, in their classroom, or out at the bus line before and after school!

GWE Principal

Staff & Student Support Appreciation Week

Report Cards

Attention Greywolf Families! Please check your child's back packs on Wednesday, February 15th for their report card.

Black History Month was created to focus attention on the contributions of African Americans to the United States. It honors all Black people from all periods of U.S. history, from the enslaved people first brought over from Africa in the early 17th century to African Americans living in the United States today.

February honors birthdays of abolitionist Frederick Douglass and President Abraham Lincoln for their contributions to end slavery in 1865.

Theme for 2023 is Black Resistance

Sequim Schools Strategic Planning

What is a Strategic Plan? Strategic Planning is a focus on the future. It is the means by which the school district and the community contribute toward defining priorities, making decisions, and setting goals for our school system. In the end, a guiding document will be developed to articulate the goals, objectives, and desired measurable outcomes. We would love for you to be a part of this journey with Sequim School District.

How can YOU participate in our strategic planning process? Come join a round table! Superintendent Nickels will lead us through an introduction to the planning process and will begin our round table discussions to share perspectives and brainstorm ideas. Our collaborative gatherings will include a combination of presentations and forward-thinking discussion activities. We appreciate participants' active involvement if you can attend just one or all of the scheduled sessions. All meetings will take place at the Guy Cole Event Center (202 North Blake Avenue [Directions](#)) from 6pm-7:30pm
